About This Game

Epiphany! is a puzzle game based on abstract logic and lateral thinking.

Discover the hidden rule for the sequence pattern.

The infinity of possible combinations is what makes the game challenging and imprevisible, with high difficulty. A game for the people who really like logical challenges.

- A complex and compelling puzzle
- Infinite procedural levels
- High replayability value
- Steam Achievements
- Playable on Windows and Linux

Epiphany Mode.
You'll have a chance to get 5 gems right in sequence to win the game.

Interesting, but I cannot in good faith recommend it - the mechanics are neat, but it horribly needs some manner of introducing new players to it - easy mode, hint system, in-depth tutorial, something!
